DOWNLOAD

XProtect Essential was discontinued June 8, 2017 meaning it is no longer possible to register it.. With support for unlimited numbers of cameras, XProtect Enterprise is easy-to-use, yet advanced open platform IP video management software (VMS) for medium and large multi-site installations.

The software provides exceptional situational awareness with multi-layered, interactive maps, sophisticated alarm handling and a unique Camera Navigator for tracking moving objects.. But did you know that there is an even better, free product called XProtect Essential+? XProtect Essential+ contains all of the features you know from XProtect Essential, plus support for third-party applications and a wide range of advanced.

[Textmate Download For Mac](#)

It has comprehensive features that help operators view multi-site locations with an unlimited number of cameras and react quickly to incidents and efficiently export video.. XProtect Enterprise includes configuration wizards and automatic hardware detection, which significantly reduce the time and cost of installing surveillance systems with many cameras.
